# About Skill Builders
# Spanish I
## Grades K–5

Welcome to Skill Builders *Spanish I* for grades K–5. This book is designed to help children master essential Spanish vocabulary through focused practice. This workbook contains grade-level-appropriate activities based on national standards to help ensure that children master basic vocabulary before progressing.

More than 70 pages of activities cover essential vocabulary topics, such as colors and numbers, the weather, family members, and parts of the body. The book's inviting format and easy-to-follow directions help build children's confidence and make learning Spanish more accessible and enjoyable.

The Skill Builders series offers workbooks that are perfect for keeping children current during the school year or preparing them for the next grade.

# La plaza (Town Square)

Many cities and towns in Spanish-speaking countries are built around a plaza, or central square. There is usually a church, city hall, cafés, and stores surrounding the plaza. People come here to take walks and meet their friends. Sometimes there are groups who play music in the evenings.

Carson Dellosa Education®

Skill Builders *Spanish I* for grades K–5 helps children get a jump start on learning Spanish. Its age-appropriate approach helps children master beginning Spanish vocabulary. With more than 70 pages of activities, *Spanish I* includes topics such as colors and numbers, foods, family members, animals, the weather, and parts of the body. The book's inviting format, easy-to-follow directions, and colorful illustrations help build children's confidence and make learning Spanish more accessible and enjoyable.

The Skill Builders series promotes the development of essential, grade-specific skills. Each book provides focused practice and includes examples and explanations of new skills. Activities follow a natural skill progression and align with state and national standards. By building upon already learned material, each book in the Skill Builders series motivates children while reinforcing the concepts needed for academic success.
